Currently, Julie is involved with the Respect Big Bend Coalition working as an Engagement Assistant. Her duties vary; some days she is helping prepare for meetings with stakeholders, and other days she travels around the tri-county area (Brewster, Jeff Davis, and Presidio) collecting community content for social media. Julie compiles photo and video interviews with business owners, community members and visitors. She also attends community events and travels around the area to take photographs of the wonderful viewsheds across the tri-county area.

STUDENT PROFILE

Julie grew up in San Antonio where she was fortunate to spend weekends and school breaks on a ranch outside of Uvalde, Texas. Julie spent a lot of time hiking, hunting, and fishing, which planted a love for the great outdoors. Because of those experiences, she decided she would enter the wildlife field. Julie will graduate soon, and although she has not decided what job she wants to pursue, she would be happy to go anywhere as long as she is able to help protect natural resources.
