

CONSERVING THE LAST FRONTIER

Texas has a voice in the future of the Grasslands.

Help bring it to the table.

The Borderlands Research Institute is hosting a local node to participate in the Central Grasslands Roadmap Initiative summit 2026. Join us at the Espino Conference Center on **Tuesday, November 10 at 9AM**. The goals are to:

- ◇ Share what's happening on the ground
- ◇ Identify priorities that matter to you
- ◇ Connect with other grassland conservationists
- ◇ Shape the next Central Grasslands Roadmap
